Black Swan Inn, Victorian Bed & Breakfast owner, Dr. Sheryl Olly, was the Guest Speaker at the June 23, 2012 Family Reunion. Dr. Olly informed the Family that the landscaping for the Inn was the creation of **Warren Manning!** The Inn is located in the picturesque New England town of Tilton, NH, overlooking the Winnepesaukee River, and is the former mill owner's Historical Peabody-Brown Estate, circa 1880. Selwin Peabody made "Tilton Tweed" and Arthur S. Brown was the inventor of the endless belt used by Henry Ford and other industries. **The Inn is located within close proximity to The Manse for those interested to stay at the Inn and travel approx. 20 minutes to the Manse for dinner!**

The Black Swan Inn is located at 354 West Main Street, Tilton, New Hampshire 03276 (603) 630-6155
